General Information

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.27 of this bill to pay state taxes and about $13.65 is used to pay the PA Gross Receipts Tax.

Understanding Your Bill

Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.

Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

Generation Charge - Charge for the production of electricity.

kWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

Late Payment Charge - Charge added if you do not pay your bill on time.

Rate RS - Rate for service to a private home.

General Information

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.04 of this bill to pay state taxes and about $2.28 is used to pay the PA Gross Receipts Tax.

Understanding Your Bill

Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.

Competitive Enhancement Rider - Charge to recover costs related to implementing the Public Utility Commission's retail market enhancement programs, including certain consumer education costs.

Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

Generation Charge - Charge for the production of electricity.

kWh (kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

State Tax Adjustment Surcharge - Charge or credit on electric rates to reflect changes in various state taxes included in your bill. The surcharge may vary by bill component.

Transmission Charge - Charge for moving high voltage electricity from a generation facility to the distribution lines of an electric distribution company.

General information

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.29 of this bill to pay state taxes and about $14.40 is used to pay the PA Gross Receipts Tax.

Understanding Your Bill

Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.

Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.

Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

KWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

Smart Meter Rider - Charge to recover costs associated with the Smart Meter Plan for customers as approved by the PUC.

General Information

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.33 of this bill to pay state taxes and about $16.68 is used to pay the PA Gross Receipts Tax.

Understanding Your Bill

Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.
Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.
Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.
KWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.
Smart Meter Rider - Charge to recover costs associated with the Smart Meter Plan for customers as approved by the PUC.

State Tax Adjustment Surcharge - Charge or credit on electric rates to reflect changes in various state taxes included in your bill. The surcharge may vary by bill component.
Type(s) of Meter Readings:
Actual - Reading by distribution company.

- View your bill, payment, and usage history.
- Make a payment, set up a payment agreement.
- Start/Stop Service.
- Enroll in paperless billing, automatic bill pay, budget billing.
- Report an outage, check outage status, and more.

View your rate schedule at pplelectric.com/rates or call 1-800-342-5775 to request a copy.

**General Information**

Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.56 of this bill to pay state taxes and about $27.89 is used to pay the PA Gross Receipts Tax.

**Understanding Your Bill**

Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.

Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.

Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

kWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

Smart Meter Rider - Charge to recover costs associated with the Smart Meter Plan for customers as approved by the PUC.

Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.

Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.

Distribution Charge - Charge for the use of local wires, transformers, substations and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

kWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

Smart Meter Rider - Charge to recover costs associated with the Smart Meter Plan for customers as approved by the PUC.

State Tax Adjustment Surcharge - Charge or credit on electric rates to reflect changes in various state taxes included in your bill. The surcharge may vary by bill component.

Type(s) of Meter Readings:
Actual - Reading by distribution company.

General Information
Generation prices and charges are set by the electric generation supplier you have chosen. The Public Utility Commission regulates distribution rates and services. The Federal Energy Regulatory Commission regulates transmission prices and services.

PPL Electric Utilities uses about $0.32 of this bill to pay state taxes and about $15.98 is used to pay the PA Gross Receipts Tax.

Understanding Your Bill
Act 129 Compliance Rider - Charge to recover costs associated with Energy Efficiency and Conservation programs for customers as approved by the Public Utility Commission.

Customer Charge - Monthly basic distribution charge to cover costs for billing, meter reading, equipment, maintenance and advanced metering when in use.

Distribution Charge - Charge for the use of local wires, transformers, substation and other equipment used to deliver electricity to end-use consumers from the high voltage transmission lines.

kWh (Kilowatt-hour) - The basic unit of electric energy for which most customers are charged. The amount of electricity used by ten 100-watt lights left on for 1 hour. Consumers are usually charged for electricity in cents per kilowatt-hour.

Smart Meter Rider - Charge to recover costs associated with the Smart Meter Plan for customers as approved by the PUC.
