

WE'RE SERIOUS ABOUT SAVING LIVES

Pennsylvania police officers know buckling up can mean the difference between life and death. That's why we enforce the seat belt law 24/7. If you're stopped and cited for a traffic violation and found to be unbuckled, you'll get two tickets, two fines. A secondary seat belt citation will add an additional \$60 to your ticket, so Click It or Ticket.

MORE PENNSYLVANIANS THAN EVER ARE BUCKLING UP, BUT THERE STILL REMAIN FOUR AT-RISK GROUPS WE NEED TO REACH...

PICK-UP TRUCK OCCUPANTS

Three in four people killed in pick-up truck crashes are unbuckled.

NIGHTTIME OCCUPANTS

Over 80% of people killed in after-dark crashes are unbuckled.

MALES AGES 18-34

This age group represents only 25% of American men, but accounts for almost 50% of all male traffic fatalities.

YOUNG ADULTS

Traffic crashes remain the number one killer of young people ages 16-24.
