STATEMENT OF VALUE WHEN PAYING A % OF THE COMPUTED VALUE

Please take note of **OUR NEW** requirements when submitting a Statement of Value with your recording.

If there is a unique split between municipalities and you are paying a percentage of the computed value on a transaction, you must provide the **dollar amount not the percentage** that you are paying in Realty Transfer Tax.

The other box must be selected and you **must** provide the amounts you are paying to the state and to each municipality and school district.
