

HELPING THE HOMEBOUND

Can you assist or do you need assistance?

In partnership with Rep. Kyle Mullins and the United Way of Lackawanna and Wayne Counties, the Lackawanna County Area Agency on Aging is coordinating a volunteer effort to assist our homebound and elderly neighbors.

These elderly neighbors will be provided with green and yellow sheets of paper, with instructions printed on them. The green sheet would be placed in a window to communicate they are OK. The yellow sheet will indicate that help or an errand is needed from a neighbor or from the Area Agency on Aging. After calling the Agency's number, the individual will be assisted.

Assistance can include volunteers running to the grocery store or delivering food, or even a simple phone call to provide some comfort and connectivity for our elderly neighbors.
