ADVISORY – DAUPHIN COUNTY – TOMORROW – Gov. Wolf Outlines Fall Agenda to Increase Government Accountability, Protect Workers, Families, Small Businesses

Tomorrow, Governor Tom Wolf will outline his proposed legislative agenda for the fall. The COVID-19 pandemic changed life and business across the commonwealth, and highlighted the importance of transparent, effective government. The Wolf Administration supported workers, families and small businesses impacted by COVID-19 during the course of the pandemic, and has long advocated for government reform to increase accountability for elected officials. Now, it is time for the General Assembly to take up a fall legislative agenda to improve government accountability and transparency, and provide additional necessary support for Pennsylvanians navigating the consequences of COVID-19.

WHAT: Gov. Wolf Outlines Fall Agenda to Increase Government Accountability, Protect Workers, Families, Small Businesses

WHEN: Tuesday, August 25, 2020; 10:00 AM
