January 14, 2021

**Department of Health Provides Update on COVID-19: 5,069 Patients Hospitalized
and 1,035 Patients in the Intensive Care Unit**

7,175 Additional Positive Cases of COVID-19

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., January 14, that there were 7,175 additional positive cases of COVID-19, bringing the statewide total to 748,564.

There are 5,069 individuals hospitalized with COVID-19, near double the peak in the spring. Of that number, 1,035 patients are in the intensive care unit with COVID-19. Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older. More data is available [here](#).

The trend in the 14-day moving average number of hospitalized patients per day has increased by nearly 5,000 since the end of September.

Statewide percent positivity for the week of January 1 – January 7 stood at 14.4%.

The most accurate [daily data is available on the website](#), with [archived data also available](#).

As of 11:59 p.m. Wednesday, January 13, there were 313 new deaths reported for a total of 18,742 deaths attributed to COVID-19. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

Mask-wearing is required in all businesses and whenever leaving home. Consistent mask-wearing is critical to preventing the spread of COVID-19.

There are 74,094 individuals who have a positive viral antigen test and are considered probable cases and 637 individuals who have a positive serology test and either COVID-19 symptoms or a high-risk exposure.

There are 3,427,975 individuals who have tested negative to date.

In nursing and personal care homes, there are 58,577 resident cases of COVID-19, and 11,010 cases among employees, for a total of 69,587 at 1,507 distinct facilities in all 67 counties. Out of our total deaths, 9,823 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#).

Approximately 21,217 of our total cases are among health care workers.

COVID-19 Vaccine Distribution

Pennsylvania hospitals began receiving shipments of the Pfizer-BioNTech COVID-19 vaccine the week of Dec. 14 and Moderna COVID-19 vaccine the week of Dec. 21.

Through Jan. 13:

- 373,529 doses of the vaccine have been administered. Please note that this does include vaccine administration through the CVS as part of the Federal Pharmacy Partnership.
 - There are 269,279 people that have received one dose (partially covered).
 - There are 52,125 people that have received two doses (fully covered).
 - The math is $269,279 + 52,125(2) = 373,529$ doses administered.

A spreadsheet of facilities that have received vaccine can be found [here](#).

Statewide – The Wolf Administration has since noon, Jan. 13:

- Provided the latest [CMU metrics](#) report.
- Announced [statewide virtual photo exhibit](#) to highlight COVID-19 experiences.
- Announced Jan. 15 deadline to sign up for [state-based health coverage](#) marketplace.
- Provided the latest [Pennsylvania State Police enforcement](#) efforts.

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing.
- Download the COVID Alert PA app and make your phone part of the fight. The free app can be found in the [Google Play Store](#) and the [Apple App Store](#) by searching for “covid alert pa”.
