

FOR IMMEDIATE RELEASE

May 4, 2021

Department of Health: Over 8.7 Million Vaccinations to Date, First Doses of Vaccine to 50.6% of Population, PA Ranks 10th Among 50 States for First Dose Vaccinations

3,133 New Cases, 2,151 Patients Hospitalized and 484 Patients in the Intensive Care Unit

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., May 3, there were 3,133 additional positive cases of COVID-19, bringing the statewide total to 1,161,619.

There are 2,151 individuals hospitalized with COVID-19. Of that number, 484 patients are in the intensive care unit with COVID-19. Most of the patients hospitalized are ages 65 or older, and most of the deaths have occurred in patients 65 or older. More data is available [here](#).

The trend in the 14-day moving average number of hospitalized patients per day is starting to come down, after peaking at 2,661 patients which is slightly below what it was at the height of the spring 2020 peak of 2,751 patients on May 3, 2020. The full 14-day moving average since the start of the pandemic can be found [here](#).

Statewide percent positivity for the week of April 23 – April 29 stood at 7.6%.

The most accurate [daily data is available on the website](#), with [archived data also available](#).

As of 11:59 p.m. Monday, May 3, there were 58 new deaths identified by the Pennsylvania death registry, reported for a total of 26,334 deaths attributed to COVID-19. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

COVID-19 Vaccine Distribution

Pennsylvania hospitals began receiving shipments of the Pfizer-BioNTech COVID-19 vaccine the week of Dec. 14 and Moderna COVID-19 vaccine the week of Dec. 21. The Janssen (Johnson & Johnson) COVID-19 vaccine was first allocated to Pennsylvania the week of March 1. On [Friday, April 23](#), the CDC and FDA notified all COVID-19 vaccine providers that the pause in administering doses of the Johnson & Johnson (Janssen) vaccine has been lifted. Following the announcement, Pennsylvania resumed Janssen vaccinations. Vaccination numbers for Pennsylvania do not include Philadelphia, which is its own jurisdiction, or federal facilities, which are working directly with the federal government.

Vaccine highlights

- According to the CDC, as of Tuesday morning, May 4, Pennsylvania has administered first doses of vaccine to 50.6% of its entire population, and the state ranks 10th among all 50 states for first doses administered by percentage of population.
- According to the CDC, as of Tuesday morning, May 4, Pennsylvania ranks 5th among all 50 states for total doses administered.
- Vaccine providers have administered 8,754,703 total vaccine doses as of Tuesday, May 4.
- 3,592,845 people are fully vaccinated; with a seven-day moving average of more than 83,800 people per day receiving vaccinations.
- 1,863,243 people are partially vaccinated, meaning they have received one dose of a two-dose vaccine.
- 5,456,088 people have received at least their first dose.
- This week, a total of 8,938,480 doses will have been allocated through May 8:
 - 323,520 first/single doses will have been allocated this week.
 - 288,320 second doses will have been allocated this week.
- To date, we have administered 8,754,703 doses total through May 4:
 - First/single doses: 5,456,088 administered
 - Second doses: 3,298,615 administered

Mask-wearing is required in all businesses and whenever leaving home. Fully vaccinated people are permitted to participate in [some activities](#) without a mask based on CDC guidance. Consistent mask-wearing is critical to preventing the spread of COVID-19.

There are 154,801 individuals who have a positive viral antigen test and are considered probable cases and 639 individuals who have a positive serology test and either COVID-19 symptoms or a high-risk exposure.

There are 4,422,407 individuals who have tested negative to date.

In licensed nursing and personal care homes, there are 70,779 resident cases of COVID-19, and 14,842 cases among employees, for a total of 85,621 at 1,588 distinct facilities in all 67 counties. Out of total deaths reported to PA-NEDSS, 13,113 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#). Note that the number of deaths reported to NEDSS is not exactly the same as the COVID-19 related deaths reported by the death registry. The number of deaths among nursing and personal care home residents and employees is taken from the PA-NEDSS death data, as this information is not available in the death registry data.

Approximately 27,806 of our total cases are among health care workers.

Statewide – The Wolf Administration has since noon, May 3:

- [Gov. Wolf joined Flyers organization](#) to discuss vaccine hesitancy
- [Acting Physician General](#) encourages college students to get vaccinated

While vaccine supply from the federal government remains limited, the Department of Health is working to ensure the vaccine is provided in a way that is ethical, equitable and efficient. To keep Pennsylvanians informed about vaccination efforts:

- All Pennsylvanians age 16 and older are eligible to schedule a COVID-19 vaccine. The provider map is available [here](#).
- A [commonwealth COVID-19 vaccination guide](#) explains the current process for getting one. Pennsylvanians with questions about the vaccination process can call the Department of Health hotline at 1-877-724-3258.
- [Vaccine provider map](#) to find a COVID-19 vaccine provider near you.
- All of the locations that received vaccine and how much they have received can be found on the [COVID-19 Vaccine Distribution webpage](#).
- [Vaccine dashboard data](#) can also be found on the website to find more information on the doses administered and showcase demographic information.
- The [Unite Against COVID Weekly Update](#) is a round-up of news you can use and answers to your most pressing vaccine questions – delivered directly to your inbox every week.
- Pennsylvanians can provide feedback on the Pennsylvania COVID-19 Interim Vaccination Plan by clicking on the Plan Feedback Form square under Popular Vaccine Topics [here](#).
- Frequently asked questions can be found [here](#).

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Get vaccinated with one of the three safe and effective vaccines available to provide the best layer of protection.
- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing. Fully vaccinated people are allowed to participate in [some activities](#) without a mask.
- Download the COVID Alert PA app and make your phone part of the fight. The free app can be found in the [Google Play Store](#) and the [Apple App Store](#) by searching for “covid alert pa”.
