

FOR IMMEDIATE RELEASE

May 14, 2021

Department of Health: Over 9.5 Million Vaccinations to Date, 53.6% of Entire Population Received First Dose, 47.3% of Pennsylvanians Age 18 and Older Fully Vaccinated, PA Ranks 9th Among 50 States for First Dose Vaccinations

1,643 New Cases, 1,652 Patients Hospitalized and 390 Patients in the Intensive Care Unit

Harrisburg, PA - The Pennsylvania Department of Health today confirmed as of 12:00 a.m., May 14, that there were 1,643 additional positive cases of COVID-19, bringing the statewide total to 1,182,922.

There are 1,652 individuals hospitalized with COVID-19. Of that number, 390 patients are in the intensive care unit with COVID-19. More data is available [here](#).

The trend in the 14-day moving average number of hospitalized patients per day is coming down, after peaking at 2,661 patients which is slightly below what it was at the height of the spring 2020 peak of 2,751 patients on May 3, 2020. The full 14-day moving average since the start of the pandemic can be found [here](#).

[Statewide percent positivity for the week of](#) April 30 – May 6 stood at 6.6%.

The most accurate [daily data is available on the website](#), with [archived data also available](#).

As of 11:59 p.m., Thursday, May 13, there were 27 new deaths identified by the Pennsylvania death registry, reported for a total of 26,724 deaths attributed to COVID-19. County-specific information and a statewide map are available on the [COVID-19 Data Dashboard](#).

COVID-19 Vaccine Distribution

Pennsylvania hospitals began receiving shipments of the Pfizer-BioNTech COVID-19 vaccine the week of Dec. 14 and Moderna COVID-19 vaccine the week of Dec. 21. The Janssen (Johnson & Johnson) COVID-19 vaccine was first allocated to Pennsylvania the week of March 1. [On Friday, April 23](#), the CDC and FDA notified all COVID-19 vaccine providers that the pause in administering doses of the Johnson & Johnson (Janssen) vaccine has been lifted. Following the announcement, Pennsylvania resumed Janssen vaccinations. Vaccination numbers for Pennsylvania do not include Philadelphia, which is its own jurisdiction, or federal facilities, which are working directly with the federal government.

Vaccine highlights

Federal data representing all 67 counties:

- According to the CDC, as of Friday morning, May 14, Pennsylvania has administered first doses of vaccine to 54 percent of its entire population, and the state ranks 9th among all 50 states for first doses administered by percentage of population.
- According to the CDC, as of Friday morning, May 14, 47.3% of Pennsylvanians age 18 and older are fully vaccinated.
- According to the CDC, as of Friday morning, May 14, Pennsylvania ranks 5th among all 50 states for total doses administered.

Statewide data representing the 66 counties within the Department of Health's vaccine jurisdiction:

- Vaccine providers have administered 9,534,664 total vaccine doses as of Friday, May 14.
- 4,091,982 people are fully vaccinated; with a seven-day moving average of more than 84,500 people per day receiving vaccinations.
- 1,689,579 people are partially vaccinated, meaning they have received one dose of a two-dose vaccine.
- 5,781,561 people have received at least their first dose.
- This week, a total of 9,556,320 doses will have been allocated through May 15:
 - 320,320 first/single doses will have been allocated this week.
 - 297,520 second doses will have been allocated this week.
- To date, we have administered 9,534,664 doses total through May 15:
 - First/single doses: 5,781,561 administered
 - Second doses: 3,753,103 administered

Fully vaccinated people may choose not to wear a mask indoors or outdoors unless the business or organization requires it, following guidance from the Centers for Disease Control and Prevention (CDC).

There are 158,174 individuals who have a positive viral antigen test and are considered probable cases and 639 individuals who have a positive serology test and either COVID-19 symptoms or a high-risk exposure.

There are 4,501,828 individuals who have tested negative to date.

In licensed nursing and personal care homes, there are 71,372 resident cases of COVID-19, and 15,065 cases among employees, for a total of 86,437 at 1,590 distinct facilities in all 67 counties. Out of total deaths reported to PA-NEDSS, 13,208 have occurred in residents from nursing or personal care facilities. A county breakdown can be found [here](#). Note that the number of deaths reported to NEDSS is not exactly the same as the COVID-19 related deaths reported by the death registry. The number of deaths among nursing and personal care home residents and employees is taken from the PA-NEDSS death data, as this information is not available in the death registry data.

Approximately 28,227 of our total cases are among health care workers.

Statewide – The Wolf Administration has since noon, May 13:

- [CDC updated mask guidance](#) for fully vaccinated individuals
- [Wolf Administration awarded](#) pandemic relief to restaurant and hospitality industry

The Department of Health is working to ensure the vaccine is provided in a way that is ethical, equitable and efficient to all Pennsylvanians:

- All Pennsylvanians age 12 and older are eligible to schedule a COVID-19 vaccine. Use [Vaccine Finder](#) to find a COVID-19 vaccine provider near you.
- A [commonwealth COVID-19 vaccination guide](#) explains the current process for getting one. Pennsylvanians with questions about the vaccination process can call the Department of Health hotline at 1-877-724-3258.
- [Vaccine provider map](#) to find a COVID-19 vaccine provider near you. \
- All of the locations that received vaccine and how much they have received can be found on the [COVID-19 Vaccine Distribution webpage](#).
- [Vaccine dashboard data](#) can also be found on the website to find more information on the doses administered and showcase demographic information.
- The [Unite Against COVID Weekly Update](#) is a round-up of news you can use and answers to your most pressing vaccine questions – delivered directly to your inbox every week.
- Pennsylvanians can provide feedback on the [Pennsylvania COVID-19 Interim Vaccination Plan](#) by clicking on the Plan Feedback Form square under Popular Vaccine Topics [here](#).
- Frequently asked questions can be found [here](#).

The Wolf Administration stresses the role Pennsylvanians play in helping to reduce the spread of COVID-19:

- Get vaccinated with one of the three safe and effective vaccines available to provide the best layer of protection.
- Wash your hands with soap and water for at least 20 seconds or use hand sanitizer if soap and water are not available.
- Cover any coughs or sneezes with your elbow, not your hands.
- Clean surfaces frequently.
- Stay home to avoid spreading COVID-19, especially if you are unwell.
- If you must go out, you are required to wear a mask when in a business or where it is difficult to maintain proper social distancing. Fully vaccinated people are allowed to participate in [some activities](#) without a mask.
- Download the COVID Alert PA app and make your phone part of the fight. The free app can be found in the [Google Play Store](#) and the [Apple App Store](#) by searching for “covid alert pa”.
