

NEWS RELEASE – FOR IMMEDIATE RELEASE

Friday's Kick It to the Curb Clinic Offering Expanded COVID Vaccine Options, Plus First and Second Doses

Scranton, Pa., June 17, 2021 – Friday's *Kick it to the Curb* COVID-19 vaccine clinic at the Scranton Cultural Center is expanding its offerings to include all FDA emergency authorized COVID-19 vaccines (Pfizer, Moderna, Johnson & Johnson). In addition to providing first doses to those who have not yet received any vaccine, the clinic will distribute second doses of vaccines initiated by other Pennsylvania providers, as long the first dose of Moderna was given four or more weeks earlier, and the first dose of Pfizer three or more weeks earlier. These changes are being made to help Lackawanna County residents achieve full protection against the spread of COVID-19 and unpredictable virus variants. The event also features a free fresh food market, prizes, and giveaways.

WHAT: *Kick It to the Curb* COVID-19 vaccine clinic & free fresh food market

- Open to the entire community; vaccines available for **age 12 & up** (adults must accompany minors)
- No ID or insurance required
- **Register at <https://bit.ly/3naklgR>**
- Walk-ins welcome
- Transportation services available
- For help registering or with transportation, **call 211**

WHEN: Friday, June 18, 9 a.m. to 5 p.m.

WHERE: Scranton Cultural Center
420 N. Washington Ave.

Delta Medix, Commonwealth Health - Moses Taylor Hospital, and volunteer licensed practitioners with the Lackawanna County Medical Society are administering vaccines. Under age 18 receive the Pfizer two-dose vaccine; 18 and older may choose between the Pfizer and Moderna two-dose or Johnson & Johnson one-dose vaccines.

About Kick COVID-19 Community Corps

Kick COVID-19 Community Corps is a collaborative between Lackawanna County, the City of Scranton, local health care providers, social service agencies, faith groups, cultural organizations, economic and educational institutions, and dedicated volunteers. Our mission is to stop the spread of COVID-19 through a grassroots public education campaign that motivates residents to be vaccinated and encourages meaningful acts of service.
